

Introducing Model Selections

Get faster credit decisions and posted loan contracts by selecting model information on the credit application.

Within Sheffield's new dealer portal, your dealership can get faster credit decisions and posted loan contracts by using the **NEW** model selection feature on Sheffield's credit application.

Follow these steps for faster credit decisions and posted loan contracts.

Step 1: Under the Product Information section of the credit application, select the check box **"I have the details about the vehicle or product that I'm financing"**.

Step 2: After selecting the check box from Step 1, two drop-down boxes will open on the application called Model Year and Model. Make your selections in these drop-down boxes.

Note: In the drop-down boxes, if you are unable to find the Model Year or Model you can use the check box **"Unable to find model"**. By selecting **"Unable to find model"** the Model Year and Model boxes will change to a free form entry boxes. Simply type in the model year and actual model number in these boxes. **For model year, type in the 4-digit year and for model please only type in a model number. No model description is needed.**
